

Mill Town Foundation Empowering Purposeful Giving

Mill Town Foundation is pleased to partner with Berkshire Community College (BCC) for the 2024 40 Under Forty Awards. The nonprofit sector is extensive and vital to the fabric of our community. Therefore, the role of philanthropy and charitable giving is of critical importance. Mill Town Foundation's philosophy of philanthropy is rooted in the belief that impact requires a thoughtful and holistic approach to giving. It goes beyond the mere act of charity, with an emphasis on collaboration, sustainability, and empowerment.

To promote and engender the spirit of philanthropy, Mill Town Foundation and BCC are thrilled to announce that each 40 Under Forty Award winner will have the opportunity to re-grant \$1,000 to an eligible Berkshire-based nonprofit organization. We hope that this empowerment will lead to a lifetime of philanthropic engagement for the next generations of community leaders.
