*It is the responsibility of the student to provide Berkshire Community College with any changes to contact information.

Important Information

Students who have met all ADN admission requirements by February 1st will be considered for admission for the fall semester. Admission decisions are made in mid-March and students are notified of their acceptance by mail/email.

Acceptance into the ADN program is competitive and while published minimum standards may have been met, it does not guarantee admission.

The following criteria are considered in the admissions process: Success in science courses, the number of additional required courses completed (including grades), meeting the math eligibility, ADN program prerequisite and corequisite GPA, and completion of additional college degrees.

Students with two nursing program failures and/or withdrawals (at BCC, elsewhere, or in combination) will not be admitted to the program. Students with nursing failures and/or withdrawals that occurred more than 10 years ago should consult with the Dean of Nursing.

All students entering the ADN program are required to follow the immunization policy for BCC health students. Students must submit proof of compliance with immunization by June 1st.

Any prior criminal offense could hinder placement in clinical agencies. See CORI/SORI Requirements in the current BCC catalog for details.

BCC will not admit students concurrently into any two of the following degree or certificate programs: Physical Therapist Assistant, Respiratory Care, Practical Nursing or Associate Degree Nursing.

The College reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided, cost of attendance, or any other subject.

LPN mobility candidates: Please request an LPN Mobility Matriculation Form from the Admissions Office.

Initial each line below indicating completion before submitting to the Admissions Office.

1. Apply to BCC (Admissions Office, 413-499-4660, Ext. 1630)

- _____ Submit application to BCC – www.berkshirecc.edu/apply, Select Pre ADN;
- _____ Submit official high school transcript(s) or GED. If high school transcripts are from overseas, they will need to be **VALIDATED** by an outside agency.
- _____ Submit official transcripts of any previous colleges or post-secondary schools attended. Please list colleges attended along with dates of attendance:

2. Complete program admission requirements. GREEN COURSES are BCC courses

- _____ **Math:** ACCUPLACER Next Generation QAS score of 262 or greater OR successful completion of **MAT 029, MAT 029C, or MAT 136** or higher (with a minimum grade of C). (**MAT-123** Statistics recommended for transfer)
- _____ **English:** Readiness to take **ENG-101** as demonstrated through the Accuplacer or completion of a college-level composition course (**ENG-101**) with a grade of C (73) or better

- _____ **Support Courses:** Completion of a minimum of 10 credits of college-level ADN support courses with a C (73)* or better.

***IMPORTANT NOTE!**

- _____ Students who have **not completed** **BIO-201, BIO-202, and/or BIO-207** prior to January 1, 2018 will be required to earn a grade of **C+ (77)** or better to be eligible to apply for admission to the ADN program. Science classes expire in 7 years and may need to be repeated if expired.

- _____ **Attend a Mandatory Pre-Nursing Information Session:** email your confirmation of attendance to: admissions@berkshirecc.edu. Register online at www.berkshirecc.edu/nursinginfo.

Date _____ Time _____

Note: Completing the minimum program admission requirements does not guarantee admission.

3. Were you previously enrolled in ADN course(s) at BCC or elsewhere? Yes / No (please circle)

If yes, please list course(s) and institution, and dates of attendance:

4. Have you begun HEP B series? Yes / No (please circle)

Expected Completion _____

The HEP B series may take up to six months to complete. See immunization requirements on the next page.

Immunization Requirements: Students entering the Associate Degree Nursing program are required to follow the immunization policy for BCC health students. Students must submit proof of compliance with immunizations by June 1st for the fall semester and by December 1st for the spring semester. The college immunization policy can be found in the BCC College Catalog. (www.berkshirecc.edu/catalog)

Please note: The Hep B series may take up to six months to complete. Students should plan accordingly. Immunization information may be shared with the Dean of Nursing, Program Administrative Assistant, Nursing Data Analyst, and contracted agencies to allow for clinical experiences.

MANDATORY HEALTH REQUIREMENTS

	Required Immunization for Hepatitis B
Hepatitis B	Laboratory evidence of immunity (titer) and 3 doses of the Engerix-B or Recombivax--HB formulations of the hepatitis B vaccine on a 0, 1, and 6 month schedule (Declination acceptable after second series of vaccines if titer is negative.)
Tdap	1 dose; and history of a DTaP primary series or age appropriate catch-up vaccination. Tdap given at ≥ 7 years may be counted, but a dose at age 11-12 is recommended if Tdap was given earlier as part of a catch-up schedule. Tdap should be given if it has been ≥ 10 years since Tdap.
MMR	Laboratory evidence of immunity (titer) (If immunity is not seen, 2 series of MMR vaccine)
Varicella	Laboratory evidence of immunity (titer) (If immunity is not seen, 2 series of Varicella vaccine)
TB	Documentation of negative PPD, T-Spot or Quantifiers. Once initial documentation is obtained the test does not need to be repeated annually. A "TB" interview form will be completed annually. If there are any affirmation answers to those questions, the T-Spot will be repeated.
Influenza Vaccine	During regular flu season (Oct-March). Declination is only allowed if there is documented allergy or documentation for religious reasons which will be determined on a case by case basis.
Meningococcal	1 dose; 1 dose MenACWY (formerly MCV4) required for all full-time students 21 years of age or younger. The dose of MenACWY vaccine must have been received on or after the student's 16th birthday. Doses received at younger ages do not count towards this requirement. Students may decline MenACWY vaccine after they have read and signed the MDPH Meningococcal Information and Waiver Form provided by their institution. Meningococcal B vaccine is not required and does not meet this requirement.
Ishihara Test	Required for all faculty and students who need to identify color for specific tests. (This will be done during clinical orientation.)
Covid Vaccine	Proof of full vaccination against Covid is required by all clinical sites before students attend clinical. This can be Pfizer, Moderna, or Johnson & Johnson Vaccine.

(BCC Immunization policy developed according to MDPH Immunization Program 2021-2022 School Year and per requirements of clinical sites)

Waiver

If a student is unable to receive an immunization due to medical reasons, they must discuss a medical waiver with the Dean of Nursing and provide a doctor's notice. If a medical waiver is granted by the clinical facilities, documentation must be filed in the Nursing Immunization and Medical Records Office. It is also highly recommended that these students have blood testing done to show possible immunity. Both medical exemptions and declinations must be renewed on the appropriate forms annually. If a student cannot complete clinical due to immunization requirements, then he/she/they cannot complete the course.

Drug Screening

Please be advised that students enrolled in certain programs which require clinical or fieldwork study may be required by the placement affiliate agency to undergo and pass a drug screening analysis in order to be eligible. Students who either fail to pass, or refuse to submit to a drug screening analysis will be deemed ineligible for clinical placement, which will affect their status in the program.

Verification of Student Health History and Physical Exam

In addition to the Mandatory Immunization Requirements, all students enrolled in the nursing program are required to have the Verification of Student Health History and Physical Exam report completed by their health care provider by June 1st for the fall semester and by December 1st for the spring semester.

Failure to Comply

A student will not be allowed to participate in the clinical experience without all health requirements fully complete.

Submit requirements to the Nursing Immunization and Medical Records Office located in the Hawthorne building, office #323, Berkshire Community College Main Campus.

Telephone: 413-236-4609; Fax: 800-724-9943; medicalrecords@berkshirecc.edu

I have read the health requirements and understand that it is my responsibility to fully comply with the stated deadlines.

By signing below, I acknowledge that I have read and understand the aforementioned information in this matriculation form and attest that I have met all published admission requirements to be considered for admission into the ADN program. I also understand that even though I may have met all eligibility requirements and have submitted this matriculation form, I am not guaranteed admission, because the ADN program is competitive and is based on my rank per rubric score. I acknowledge that what I have indicated on this matriculation form and submitted for consideration to BCC's ADN program is accurate and up to date, to the best of my knowledge. Any inaccurate, omitted, false, or misleading information/documents could void this application or lead to removal from the program, if accepted.
